INTELLIGENCE COMMUNITY STAFF

NOTE FOR THE DIRECTOR

SUBJECT: 40 Committee

1. I believe the IC Staff can be helpful to you in various ways in the staffing of proposals for the 40 Committee.

25X1  
25X1

2. IC Staff consideration of proposals for covert actions and of programmatic reviews can also be useful to you, not only in terms of their value related to objectives but also in regard to resource expenditure.

3. IC Staff consideration of such matters can serve another useful purpose, giving you as a 40 Committee member a community-oriented set of advice and comment. It can thus broaden your advice and at the same time be seen to be one of your means to enhance your oversight of intelligence activities.

4. If you agree, we can draft a directive for your signature or go at it less formally by having your office refer to us for comment those 40 Committee proposals and reports requiring your action.

5. We recognize the sensitivity of these matters and will assure you that we will narrowly restrict access to these materials as we go about developing our advice for you.
